The course sequence below is considered an ideal and recommended route for completion of an AA in Business at CWI. The electives are recommended because they are thought to best support the study of Business, but they are not required or mandated. Be sure to work with an advisor throughout your pursuit of all degrees at CWI.

Course	Course Title	Credits	Semester Offered	X
CWID 101	Connecting with Ideas	3	Fa, Sp, Su	
MATH 143 ¹ or MATH 160 (GEM 3)	College Algebra Brief Calculus	3 4	Fa, Sp, Su Fa, Sp

Additional Advising Comments for Business Majors

*** See current catalog for a list of courses that will fulfill CWI's GEM (general education matriculation) requirements.**

Business majors are encouraged to enroll in Math courses immediately, rather than waiting. Students should complete the Math Diagnostic for math placement upon acceptance to CWI. The placement test will inform the student if a review course such as MATH 095 is needed prior to entering MATH 143 - College Algebra.

Footnotes:

1 MATH 095 (or higher) is a prerequisite for ACCT 201, BUSA 207, and MATH 143. Select MATH 143 or MATH 160 based upon the Math requirements of the transfer institution you plan to attend. MATH 143 is the recommended math course (unless different than preferred transfer institution requires).

******This course fulfills the Ethical Reasoning requirement for an Associate degree from CWI.

• To ensure efficient degree planning, students who intend to transfer to a four-year institution should review the lower-division degree requirements of the institution they plan to attend. •
