## 1. Introduction

This annual Safety and Security Report for 2012 is provided to you as part of the College of Western Idaho's commitment to safety and security on campus, and in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

The College of Western Idaho (CWI) was established on May 22, 2007 when a supermajority of Ada and Canyon County voters passed a referendum to establish a community college district, enabling the creation of the College of Western Idaho. CWI is a two-year institution of higher education that offers different levels of instruction adapted to fit the needs of the Treasure Valley community. Starting in January of 2009, CWI offered for-credit general education courses. For-credit professional technical courses and certificates began in the fall of 2009. CWI is a comprehensive community college, offering an open admission policy, a community-based philosophy, lower tuition, and quality education.

The College of Western Idaho serves over 20,000 students at eight (8) locations throughout the Treasure Valley:

- **Nampa Campus**  
5500 E. Opportunity Way, Nampa, ID 83687

CWI employs approximately 1041 faculty and staff.

## **2. CWI Security, Law Enforcement Authority and Interagency Relationships**

CWI Security operates whenever buildings are open. The security telephone number is 208.562.3333. CWI is staffed with trained professional security officers. The Facilities Management Department is the administrative unit responsible for the functions of CWI security. Primary functions include building security, grounds security, citizen assistance, emergency response, and building monitoring. CWI security officers are first aid, CPR, and AED certified, and receive continual ongoing security training.

The Facilities Management Department prepared this report to comply with the **Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act**. This report is prepared in cooperation with various CWI departments who provide annual updated information on their educational efforts and programs to comply with the law. Campus crime, arrest, and referral statistics include those reported to CWI security/Nampa and Boise police departments, local law enforcement agencies surrounding CWI Campuses and public property, and designated campus security authorities. The Facilities Management Department has administrative responsibility for security services on campus. The Boise City Police Department and Nampa Police Department have responsibility for law enforcement, crime prevention programs, reporting criminal activity, crime related problems, and emergency responses on CWI campuses. Police officers have full law enforcement authority on all property owned or controlled by the CWI including streets contiguous to and running through the CWI campuses. Police officers have completed P.O.S.T. Academy (Peace Officers Standards & Training). Police officers are empowered by state law to make arrests, investigate crimes, and carry firearms. Police officers additionally receive training in areas such as emergency first aid, criminal law, firearms, crisis intervention, arrest procedures, victim response, etc. All police officers are trained as crime prevention officers. CWI maintains a close working relationship with city, county, state and federal law enforcement agencies, and all appropriate elements of the Criminal Justice System.

The term public property means all public property that is within the same reasonable contiguous geographic area of the institution such as a sidewalk, park, street, other thoroughfare or parking facility, and is adjacent to and accessible from the campus.

## **3. Reporting of Criminal Actions or Emergencies**

Members of CWI are encouraged to notify CWI Security immediately of any criminal or suspicious activities or other emergencies that occur on campus. CWI Security Department personnel will respond and initiate whatever action is necessary. To report a crime, or suspicious activity, members of the campus community should call CWI Security at 208.562.3333 or 9-1-1 for emergencies.

Crimes may also be reported to designated “Campus Security Authorities.” The following is a list of designated Campus Security Authorities:

- CWI Security 208.562.3333
- Director Facilities Management 208.562.3220
- Director of Student Enrichment 208.562.3263

CWI acknowledges the importance of officially reporting all crimes and will provide assistance with reporting. CWI also knows that reporting a crime is different from pressing charges. As required by federal law, CWI requires third-party reporting as well as anonymous reporting of crimes for data gathering purposes. CWI stresses the importance of supporting victims in whatever decision they make with regard to pressing charges. Services are available to help victims whether or not they choose to press charges. When a student, staff, or faculty member reports a crime in confidence to a designated Campus Security Authority or other campus individuals, it may be reported to the CWI Security Department by a third party or anonymously. Professional and religious counselors are exempt from these reporting requirements. However, the staff should, if and when they deem it appropriate, encourage persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crimes statistics.

A number of well-marked exterior emergency telephones are located throughout the CWI Campuses. These emergency telephones are identified by a blue identifier light. These emergency direct-ring telephones have a no charge dialer for Boise and Nampa area assistance with an identified push button for 9-1-1 emergency and police assistance. These telephones can be used to report a criminal incident, a fire, any other type of emergency and suspicious activities.

In the event that a situation arises, either on or off campus, and is reported to CWI Security Authorities, or local police agencies, that in the judgment of CWI executives constitutes an ongoing threat to students and employees, a campus-wide timely warning will be issued by CWI. The warning will be issued through the CWI emergency notification system to students, faculty and staff. Students, staff, and faculty with information warranting a timely warning should report the circumstances to CWI Security by phone (208.562.3333), or in person to CWI Security personnel. Security personnel are staffed at each CWI location during building open hours.

#### **4. Crime Reporting**

Efforts are made to advise the campus community on a timely basis about campus crime and crime-related problems. These efforts include the following:

##### **4.1. Annual Report**

A comprehensive annual report of crime related information is compiled, published, and distributed. This annual report is available to the media, any member of the campus community, and to the general public.

##### **4.2. CWI Communication and Marketing**

The CWI Communication and Marketing Department (CMD) receives campus criminal activity information from the CWI Facilities Manager. The CMD will publish essential security information to

CWI students, faculty, and staff. The CMD will be the College's focal point for outside media. They will ensure full disclosure while protecting victim's privacy and confidential or sensitive information. Students are encouraged, but not required, to communicate with CMD regarding communications with the media regarding CWI issues.

#### **4.3. Special Alerts**

When circumstances warrant it, special crime alerts are prepared and distributed either selectively or throughout campus by CMD. Also, when criminal activity occurs, which represents an ongoing or continuing threat to students and employees, a campus-wide EMERGENCY NOTIFICATION will be issued by CMD.

#### **4.4. Open Campus Security Log**

A public security log is available for inspection at any CWI security desk or the main Facilities Management Office. This daily log contains all crimes reported to CWI Security. The daily log will include, for each crime, the following information:

- Date of Incident
- Nature and type of incident
- Time of the incident
- General location of the incident
- The disposition of the complaint, if known

In most instances, log information will be available for public inspection no later than two business days after a crime is reported. Daily log information may be withheld when disclosure:

- Is prohibited by law
- Would jeopardize the confidentiality of the victim
- Would jeopardize an ongoing investigation or the safety of an individual
- Would cause a suspect to flee or evade detection, or
- Would result in the destruction of evidence

### **5. Crime Statistics**

The following statistics, provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, are for your information. If you have any questions, contact the CWI Security Department at 208.562.3333.

## **6. Off Campus Crime Statistics**

Crime statistics for Boise, Nampa, and Caldwell can be found at the following Web sites.

<http://boise.areaconnect.com/crime1.htm>

<http://nampa.areaconnect.com/crime1.htm>

<http://caldwell.areaconnect.com/crime1.htm>

[http://www.isp.idaho.gov/isp/citizen/crime\\_stats.html](http://www.isp.idaho.gov/isp/citizen/crime_stats.html)

## **7. Access to Campus Facilities**

Most campus buildings and facilities are accessible to students, employees, guests and visitors during normal hours of business. Students, employees, guests and visitors may obtain access to campus buildings and facilities outside normal business hours with proper authorization. Security officers make building checks throughout the night and are available to handle disturbances or concerns.

A comprehensive key/key fob and electronic access program is in effect at CWI. A defined computerized list of keys/key fobs is established to meet campus needs, and keys/key fobs are cut/programmed and issued with an identifier number for each key, which ties it to the room number, person, and department assigned the key. At infrequent times and as a need is perceived, the department is asked to review that computerized list of keys/key fobs issued to the department. A concerted effort is made to involve the responsible building person who authorizes keys and faculty and staff to determine the levels of security and areas of permitted access. The Facilities Management Department re-keys individual areas and also removes electronic access on an as needed basis.

## **8. Maintenance and Security of Campus Facilities**

CWI maintains a strong commitment to campus safety and security. Exterior lighting is an important part of this commitment. Motor vehicle parking lots, pedestrian walkways, and building exteriors are well lit. Formal surveys of exterior lighting on campus are conducted by CWI Security Officers on a continuing basis, and a discrepancy report is directed to the Maintenance Department for appropriate action. A comprehensive survey of all exterior lighting is conducted by Facilities Department representatives at least once each year. Members of the campus community are encouraged to report any exterior lighting deficiencies to the CWI Help Desk at 208.562.3444.

A cooperative effort by the CWI Security Department, Maintenance Department Custodial personnel, and building occupants is used in surveying exterior doors. The purpose of this program is to ensure that each exterior door and its locking mechanism are working properly. Exterior doors on campus buildings are locked and secured each evening by building occupants, custodial personnel, and CWI security officers. Door and security hardware operating deficiencies are reported by these personnel to the Maintenance Department on a daily basis.

The maintenance and security of campus buildings for safety of users spans the areas of key/key fob control, maintenance of door hardware, replacement of broken windows, fire protection, fire drills, hazardous waste policy, ventilation, life safety items, etc.

Shrubby, trees, and other vegetation on campus are trimmed on a regular basis. Trimming is done to a level to expose criminal intent individuals. Where trimming is not effective, this vegetation is removed from the campus.

The Maintenance Department personnel and CWI Security Department continually survey the grounds of the campus to ensure that a safe environment exists. Campus buildings, parking lots, and other grounds areas are actively patrolled by CWI security officers.

## **9. Security Awareness and Crime Prevention Programs**

CWI would much rather prevent crimes from occurring than react to them after the fact. A primary means for accomplishing this goal is CWI's Crime Prevention Program. The CWI's Crime Prevention Program is based on the concepts of eliminating or minimizing criminal opportunities, whenever possible, and encouraging students and employees to be responsible for their own security and the security of others. The following are crime prevention programs in place at CWI:

### **9.1. Emergency Telephones**

Well-marked blue light emergency telephones are located on the CWI Nampa Campus, Ada County Center and CWI at Boise State University. The blue light emergency telephones direct dial the 9-1-1 dispatcher.

### **9.2. Alarm Systems**

A computer-based monitoring system is used to monitor a network of fire alarm systems.

### **9.3. Security Surveys**

Surveys of exterior doors, exterior lighting, and grounds and campus facilities are conducted on a regular basis.

### **9.4. Building Administrator Program**

Building Administrators are assigned to each building. These Building Administrators participate in the Safety and Security Committee, receive unsecured conditions notification, and are trained in emergency response and building evacuation procedures.

### **9.5. Campus Watch Program**

Campus Watch is a cooperative effort between the CWI Security Department and the Facilities Department. Custodial staff members receive annual training on personal safety and security issues and are encouraged to watch for and report suspicious individuals and activity.

## **9.6. Escort Services**

Escort service is available and will be provided upon request by calling the CWI Security Department at 208.562.3333. This service is available during class hours.

## **9.7. Crime Stoppers**

The Crime Stoppers program provides you the opportunity to call 343-COPS to provide information you have about a crime that has occurred on campus in Boise or Nampa. You can remain anonymous and may be eligible for a reward up to \$1,000.00 if your information leads to an arrest and filing of charges.

## **9.8. Emergency Cell Phone Program**

CWI Security and the Boise City and Nampa Police Departments distribute free cell phones for use by those individuals who do not have access to a cell phone. These cell phones only have access to 9-1-1 emergency services.

## **9.9. Ask a Cop Program**

Access to CWI security officials is available by E-mail. Submit law enforcement related questions to bobwallis@cwidaho.cc. Security officers will respond to all appropriate questions.

## **9.10. Online Crime Reporting**

CWI students and employees have access to the Boise and Nampa Police Departments online Crime Reporting system. Criteria for submissions require that the crime is not an emergency, the incident occurred within Boise City or Nampa city limits, and the suspect is unknown. Anyone wishing to report these crimes online should visit

<http://www.cityofboise.org/Departments/Police/ReportACrime/page5875.aspx> or

[http://www.nampapolice.org/nampapolice/documents/CrimeReportForm\\_004.pdf](http://www.nampapolice.org/nampapolice/documents/CrimeReportForm_004.pdf) (utilize the online service link).

## **9.11. Safety Walks**

Representatives from CWI perform campus safety walks on an annual basis. The purpose of this activity is to identify and address safety and security concerns.

## **10. Drug and Alcohol Policies**

CWI wishes to encourage a chemically healthy environment for its students, guests, and employees. To this end, CWI:

- has developed policies and procedures regarding a drug-free workplace
- promotes education and training programs, both internally and externally, regarding alcohol and other drug use/abuse

- implemented an employee assistance program
- provides wellness programs and activities for employees and students
- participates in numerous community support and resource base programs

In the interest of the personal health and safety of the campus community, CWI will not condone or ignore alcohol or drug abuse. Further, the illegal manufacture, distribution, dispensation, or possession of a controlled substance on CWI-owned or CWI-controlled property will not be tolerated. CWI will assist members of the campus community who are experiencing problems with alcohol or other drugs in making informed decisions about appropriate use as well as the adverse consequences of alcohol or drug abuse on one's health and behavior. CWI prohibits illegal possession, consumption, manufacture, and distribution of alcohol and other drugs by students in college owned, leased, or operated facilities and on-campus grounds. Any person who violates the policies stated in the code of conduct in the student handbook may be subject to any or all of the following:

- expulsion
- suspension
- conduct probation
- censure
- restitution/compensation
- participation in an educational substance abuse course

CWI is committed to the development and maintenance of an alcohol and other drugs free environment in accordance with the Drug-Free Workplace Act of 1988, 34CFR Part 85 and will not tolerate the unlawful possession and/or use of controlled substances (alcohol and other drugs) on its premises. The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in and on CWI-owned or CWI-controlled property by faculty, staff, or student employees. If a drug or alcohol policy is violated, the employee will be subject to disciplinary action (up to and including suspension, suspension without pay, and termination), and may be required to satisfactorily participate in a drug abuse assistance or rehabilitation program as agreed upon between the employee, the Human Resources Department, and the Employee Assistance Program provider.

### **10.1. Legal Sanctions**

Applicable legal sanctions for the unlawful possession or distribution of alcohol or illicit drugs contained in Title 37, Chapter 27, Idaho Code under schedules I, II, III, IV, and V. Illicit drugs include but are not necessarily limited to LSD, mescaline, crack, cocaine, speed, marijuana, heroin, peyote, and those controlled substances listed in Title 37, Chapter 27, Idaho Code.

Penalties for the use, unlawful possession, or distribution of illicit drugs are both serious and complex. They range from a misdemeanor penalty of a \$300.00 fine or 6 months in jail to a life term in the Idaho Penitentiary for previous offenders and certain categories of drug dealers. You should know that Idaho Judges are required in many cases to perform mandatory sentencing of convicted persons. A felony is a crime, the penalty for which may be incarceration in the state penitentiary, or a fine not to exceed \$25,000, or both. The penalties for use and/or distribution may be found in Title 37, Chapter 27, Idaho Code.

Federal penalties for the use, possession, or distribution of illicit drugs are similarly severe and complex. Federal Judges are empowered to sentence offenders to a federal penitentiary, or to mete out substantial fines depending on the offense, drug classification, and other factors

The abuse or illegal possession of alcohol is proscribed by Idaho Law. [Underage Drinking](#), a 12-page newsprint tabloid endorsed by Governor Otter and First Lady Otter, was designed for use in Idaho communities. You must be 21 years of age or older in Idaho in order to purchase, possess, or consume an alcoholic beverage. If a person's blood alcohol content exceeds 0.08, it is unlawful to drive any motor vehicle. Penalties for driving under the influence (DUI) of alcohol are listed below:

#### **10.1.1. DUI First Offense Penalties**

- Up to \$1,000.00 fine
- 2 days to 6 months jail
- Suspend driver's license for 180 days with at least the first 30 days absolute and the remainder restricted
- Obtain an alcohol evaluation
- Follow the recommendation of evaluation
- Attend Victims' Panel
- 1 to 2 years probation—may be supervised

#### **10.1.2. DUI Second Offense (within a five year period)**

- Up to \$2,000.00 fine
- 10 days to 1 year jail
- 1 year absolute license suspension
- Obtain an alcohol evaluation
- Follow the recommendation of evaluation
- Interlock device on car for 1 year after driver's license suspension ends
- 2 year probation—usually supervised

#### **10.1.3. DUI Third Offense**

**Note:** This will be a felony if it is received within 5 years of the first offense or within 10 years of a prior felony DUI

- Up to \$5,000.00 fine
- 30 days to 5 years incarceration
- Suspend driver's license for 1 to 5 years with at least the first year absolute
- Supervised felony probation

There are also local laws prohibiting public intoxication or possession of alcohol by a person under 21 years of age. Please refer to the CWI Student Handbook for any questions concerning policies, procedures, disciplinary actions and education programs, or contact the following:

<b>Health Risks of Alcohol</b>	
Bone	Alcohol stimulates excretion of calcium; associated with osteoporosis in young and middle-aged men who are chronic drinkers.
Brain	Consumption of 3-9 drinks weekly is associated with increased risk of stroke from bleeding into the membrane covering the brain and spinal cord. (Other studies suggest drinking may protect against some types of strokes.) Heavy consumption can lead to dementia, blackouts, seizures, hallucinations, memory loss, learning deficit, difficulty swallowing, depression, antisocial personality disorder.
Esophagus	Especially in association with smoking, chronic drinkers have higher risk of cancer.
Heart	Moderate consumption can bring on painful coronary artery spasms in susceptible patients. (Other studies suggest low and moderate drinking may

<b>Health Risks of Alcohol</b>	
	protect against some types of heart disease.) Higher levels can cause abnormal heart rhythms, decrease heart strength.
Larynx	Alcohol abuse is associated with increased risk of cancer.
Liver	Daily light drinking may cause reversible accumulation of fat in the liver; larger doses cause alcoholic hepatitis; chronic drinking may result in irreversible cirrhosis, treatable only with liver transplant. Alcohol abuse has been associated with increased cancer risk.
Muscle	Alcohol-dependent people are susceptible to acute and chronic muscle injury and muscle atrophy.
Nutritional Deficiencies	Alcohol interferes with absorption and metabolism of vitamins, minerals, fats, carbohydrates, proteins; resulting deficiencies may include anemia, neuropathies.
Stomach	Regular consumption can exacerbate peptic ulcers, also lead to cancer.
Pancreas	Heavy alcohol consumption can cause pancreatitis.
Reproductive System	Alcoholic men suffer low levels of hormone testosterone. Hormonal imbalances can cause testicles to atrophy, breasts to enlarge, and impotence. Alcoholic women can lose menstrual period, become unable to ovulate, perhaps suffer early onset of menopause. Women who drink heavily may give birth to deformed and retarded babies suffering from Fetal Alcohol Syndrome or milder impairment called Fetal Alcohol Effects.

## 11. Sexual Assault Reporting and Resource Guide

CWI exists to educate people to become knowledgeable citizens who are actively involved in the communities where they live. Critical to the development of this educated citizenry is fostering an atmosphere of respect and civility. Any form of harassment or sexual assault is contrary to these values and the mission of CWI and will not be tolerated. All members of the CWI community must be able to pursue their goals, educational needs, and working lives without intimidation or injury. Every member of the CWI community should be aware that the college is opposed to sexual harassment and sexual assault and that such behavior is prohibited both by federal and state law and by CWI policy. It is the intention of CWI to take whatever action may be needed to prevent, correct, and if necessary, discipline behavior that violates this policy. All forms of sexual assault and all attempts to commit such acts are regarded as serious university offenses, which may result in suspension or expulsion. Prosecution for the criminal law violation may also take place independently of charges under CWI rules. Many survivors of sexual assault struggle to identify what has happened to them. Sometimes it takes days or even weeks before a person can think clearly and recognize that they had experienced a sexual assault. It is important to seek help regardless of how long ago a trauma may have occurred. Hopefully, these guidelines here can help you identify what happened to you and the options you have.

### 11.1. Victim's Bill of Rights

You have the right:

- to be informed of all reporting options
- to be free from pressure to make a criminal report

- to have any allegations of sexual assault investigated and adjudicated by the appropriate campus, civil, and criminal authorities
- to be notified of existing campus and community medical, counseling, and mental health services, whether or not the crime is reported to campus or civil
- to receive, when required, the full, prompt cooperation of campus personnel when obtaining, securing, and preserving evidence

### **11.2. Sexual Assault Response Guarantee from CWI Security**

To report a sexual assault that occurs on campus or in an emergency situation, always dial 9-1-1. To reach CWI Security call 208.562.3333.

- We will not release your name to the public or to the press. Crime statistics and incidents are made public record.
- Officers will not prejudice you, and you will not be blamed for what occurred.
- You and your case will be attended to with courtesy, sensitivity, dignity, understanding, and professionalism.
- If you have a preference for either a female or male officer, every effort will be made to accommodate your request.
- You will be assisted in receiving hospital, medical, counseling, and other support services that are available.
- A full investigation of your case will be done to help you to achieve the best outcome. This may involve the arrest and full prosecution of the suspect(s). You will be kept informed of the progress of the investigation and/or prosecution.
- Your case will be considered serious regardless of your gender and sexual orientation, and regardless of the gender and sexual orientation of the suspect(s).

### **11.3. Defining Sexual Misconduct**

The term sexual misconduct encompasses the legal definitions of rape contained in Idaho state law as well as any sexual act committed against the wishes of another person. It can include force, either physical or psychological, but the use of force is not prerequisite to the finding of sexual misconduct. Sexual misconduct includes a range of behaviors from sexual harassment to rape. However, CWI recognizes that there are many more behaviors that violate others and that is covered by our Student Code of Conduct. Sexual misconduct includes, but is not limited to, the following:

#### **11.3.1. Sexual Harassment**

Sexual harassment is a pattern of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communication of a sexual nature when:

- Submission to such conduct or communication is made a term or condition either explicitly or implicitly of employment, services, housing or education, including status in a course, program, or activity.
- Submission to or rejection of such conduct or communication is used as a factor in decisions affecting an individual's employment, reception of service, housing, or participation in a course, program or activity.

- Such conduct or communication has the purpose or effect of substantially interfering with an individual's work, housing, or performance in a job, course, program, or activity, or it creates an intimidating and hostile work, living, or educational environment.

It may include, but is not limited to, the following:

- Threats or insinuations that lead the victim to reasonably believe that granting or denying sexual favors will affect her or his reputation, education, employment, advancement
- Repeated phone calls and/or email message from someone who has a crush on you, though you clearly have indicated that you have no interest
- continuous references to sexual activity and sexual terms that make you uncomfortable
- Unwelcome and persistent sexually explicit statements or stories that are not related to employment duties, course content, research, or other CWI programs or activities
- Repeatedly using sexually degrading words, gestures, or sounds to describe a person
- Recurring comments or questions about an individual's sexual orientation.

Sexual harassment can occur with any combination of genders and sexual orientations.

### **11.3.2. Sexual Battery**

Sexual battery includes:

- Intentionally touching the person's intimate parts (primary genital area, groin, inner thigh, buttock, or breast) without or against the person's consent. This touching is either directly on the body part or on the clothing covering that body part.
- It is also sexual battery if the person is forced to touch the intimate areas of another individual. Sexual battery can occur with any combination of genders and sexual orientations.

### **11.3.3. Sexual Assault**

Sexual assault includes any sexual act carried out:

- without or against a person's consent
- under coercion
- with the threat of force
- by using or employing a weapon
- through a position of authority
- when the victim/survivor is mentally disabled or physically helpless including by reason of drug or alcohol consumption, sleep, or unconsciousness.

Sexual assault includes but is not limited to verbal threats that coerce, force, intimidate, threaten, or persuade someone to engage in unwanted sexual activity. Sexual assault can occur with any combination of genders and sexual orientations.

Sexual assault includes any actions or statements of a sexual nature which are abusive, intimidating, harassing, or embarrassing along with implied or stated threats are prohibited. This includes but is not limited to:

- unwanted touching or comments

- retaliation
- threats of violence
- use of violence
- sexual assault

Sexual assault can occur with any combination of genders and sexual orientations.

#### **11.3.4. Rape**

Rape includes attempted or actual penetration, no matter how slight, of the genital, anal, and/or oral openings of a person by any part of another person's body or by the use of an object, without the person's consent or against the person's will. Rape includes sexual contact, consensual or not, with a minor (under 18 years of age). Rape can occur with any combination of genders and sexual orientations.

#### **11.4. Understanding Sexual Assault**

A stranger, an acquaintance, or a family member can commit sexual assaults. According to a Department of Justice report, "Ninety percent of college women who are victims of rape or attempted rape know their assailant. The attacker is usually a classmate, friend, boyfriend, ex-boyfriend, or other acquaintance (in that order)." Victims of sexual assault can be women or men, and sexual assault can occur between individuals of the same sex or gender. While more than 90% of victims are women, men are also sexually assaulted and raped, usually by other men; 98% of men who rape other men identify themselves as heterosexual in consensual sexual relationships. Acquaintance rape is a common term used to describe sexual assaults by someone the victim is acquainted with or knows. However, many organizations are challenging this term recognizing that it may soften the reality of the criminal act. Rape is rape, whether committed by a stranger or an acquaintance. There are many philosophies about the nature of sexual assaults, but most advocates agree that sexual assault is not about sex, per se. According to Susan Brownmiller in her book *Against Our Will: Men, Women, and Rape*, rape is a crime of violence, not of passion. Sexual Assault is never the fault of the victim. Offenders are always responsible for the choice to assault someone else. The only person that can prevent this crime from occurring is the perpetrator.

#### **11.5. Procedures for Reporting a Sexual Assault**

If sexual assault occurs, safety and medical assistance are the first considerations.

1. Go to a safe place as soon as possible.
2. Call 9-1-1 to report a crime or call CWI Security at 208.562.3333 to receive information and resources in a confidential manner.
3. It is important to preserve physical evidence of any assault, especially if the victim seeks to prosecute the offender. Evidence collection is best done within 72 hours of the assault and best collected immediately following an assault. Technological advancements are making it more likely to collect evidence even after 72 hours. However, it is important to remember that the more time that passes between the sexual assault and reporting to the police; the less likely it

will be to collect physical evidence which may be very important to the prosecution of a criminal case. Victims of sexual assault should not shower or bathe, wash hands, use the toilet, change clothing, or wash clothing or bedding. If the victim has changed clothes and is at a location other than the crime scene, carefully place all clothing worn at the time (or bedding) into a paper bag for the police.

4. Seek medical attention. You can also go to an emergency room at St. Alphonsus or St. Luke's hospitals, all have response teams specially trained to assist victims of sexual assault.
5. When an incident is reported, a police detective will come to the emergency room to talk with you and will be accompanied by a Victim-Witness Coordinator (a female staff member of the prosecuting attorney's office who works with the prosecuting attorney's office or Ada or Canyon County Sheriff's Department or Boise City or Nampa Police Department to support you through the judicial process).
6. At the hospital a "rape kit" (also known as a forensic examination) can be administered to gather evidence in the event of prosecution. This procedure includes a physical exam where a doctor collects the evidence of the assault.
7. Seek counseling or other support. There are many services available on campus and in the community to support students in crisis. In Boise there is also a 24-hour crisis line operated through the Boise Women's and Children's Alliance (WCA) and is available to respond to anyone's concerns and provide referral information (343-7025). Remember, it is important that victims of sexual assault seek medical treatment immediately and get counseling as soon as possible, regardless of whether or not a report of the incident is made to the police.

#### **11.6. Information Sharing and Reporting**

The *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act*, codified at 20 USC 1092 (f) as a part of the **Higher Education Act of 1965**, is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security policies. All public and private institutions of postsecondary education participating in federal student aid programs are subject to it. Violators can be fined up to \$27,500 by the U.S. Department of Education, the agency charged with enforcement of the act and where complaints of alleged violations should be made, or face other enforcement action. The Clery Act, originally enacted by the Congress and signed into law by President George Bush in 1990 as the ***Crime Awareness and Campus Security Act of 1990***, was championed by Howard & Connie Clery after their daughter Jeanne was murdered at Lehigh University in 1986. They also founded the non-profit Security On Campus, Inc. in 1987. Amendments to the Act in 1998 renamed it in memory of Jeanne Clery. CWI acknowledges the importance of officially reporting all crimes and will provide assistance with reporting. CWI also knows that reporting a crime is different from pressing charges. **AS PROVIDED UNDER FEDERAL LAW, CWI REQUIRES ALL CWI ADMINISTRATORS, OFFICIALS, EMPLOYEES, AND FACULTY TO REPORT ANY AND ALL CRIMES THAT STUDENTS MAY REPORT TO THEM.** When the student reports a crime in confidence it may be reported anonymously to CWI security. Professional and religious counselors are exempt from these reporting requirements. However, CWI encourages anonymous reporting when at the discretion of the counselor; she or he feels it is appropriate. CWI stresses the importance of supporting victims in whatever decision they make with regard to pressing charges. Services are available to help victims whether or not they choose to press charges

### **11.7. Idaho Statutes**

You can access the current Idaho statutes on criminal codes at <http://www3.state.id.us/idstat/TOC/idstTOC.html>. Title 18 is the code that covers crimes and punishment. Title 18, Chapter 61 covers rape.

### **11.8. Community Services and Support**

#### **Family Advocacy Center & Education Services (FACES)**

<http://www.site.facesofadacounty.org>—208.577.4400 FACES is located at 417 S. 6th Street in downtown Boise (at 6th and Myrtle St., next to Dunkley's Music)

FACES helps victims of adult sexual assault, child abuse, and domestic violence from Boise, Garden City, Meridian, Kuna, Eagle, and surrounding Ada County. Under one roof, more than a dozen agencies have joined to provide legal, social, and health services to victims and their families. Victims can come to one location to talk to an advocate, a police officer, a prosecutor, or receive medical assistance. If you need help or just want to talk about your options, please call 208.577.4400 or just drop in to visit. The staff and volunteers can offer help, answer questions, or provide information about resources available to you at FACES.

#### **Nampa Family Justice Center**

<http://www.nampafamilyjusticecenter.org/> 208.475.5700, 1305 3rd St South, Nampa

The Nampa Family Justice Center addresses the needs of victims of domestic violence and child abuse. Clients now have the opportunity to reach needed resources in one centralized location. Advocates, counselors, clergy, legal aid, medical providers, law enforcement, and prosecutors are some of the many service providers located at the Nampa Family Justice Center.

#### **The Women's and Children's Alliance (WCA), Boise City**

<http://www.wcaboise.org/> Rape Crisis Advocacy Program—208.345.7273, 24 hours a day. Since 1980, the nonprofit WCA has been in the forefront of protecting women and their children escaping violent circumstances. The WCA also helps these vulnerable individuals build safer, better lives. The WCA Crisis Center's secure residential shelter is devoted exclusively to abused women and their children from Ada, Boise, Elmore, and Valley counties. The agency also provides uniquely comprehensive local support services to those affected by domestic and sexual violence. The staff provides counseling and advocacy (both in the hospital and at court). Presentations and awareness seminars are available upon request

Where practical, all discussions are private and confidential and do not commit students to further action. However, if it is determined that an imminent threat to community safety exists (for example, a serial rapist), action may be taken to protect community members from further harm; this would be done in consultation with the victim with great sensitivity and discretion. At the request of the student (female or male) staff will contact police, health and counseling services, local women's shelter, and any other appropriate agency, while acting as an advocate in the process. The Women's Center does not investigate or adjudicate complaints of sexual assault or rape; rather the staff works to support a student who has been victimized, at her or his request, through the system as the investigation occurs. If students choose not to formally report the crime, the only

information that will be shared with CWI Security is that a sexual assault was reported—no names and specific information will be given. CWI must comply with the federal Student-Right-to-Know Act, which requires reporting these statistics.

### **11.9. Prevention and Risk Reduction**

Typically the term "primary prevention" is used to describe educational efforts directed at trying to prevent crime from occurring. Since men commit 99% of all sexual assaults, these types of prevention activities are typically focused on ways men can reduce and prevent gender violence against women and other men.

Some attackers intentionally "feed" victims drinks to get them drunk in order to rape them. Knowing this, one may try to "reduce the risk" of assault by not accepting multiple drinks to avoid getting drunk and being sober, therefore, more likely to resist an attack. It has been noted in a Department of Justice Community Policing report that in over 75 percent of rapes on college campuses, the offender, the victim, or both had been drinking. However, alcohol is not the cause of sexual assault, and the offender who is under the influence is always responsible for behavior that harms another person.

As required by federal law, the Campus Sex Crimes Prevention Act, beginning in 2002, require states to ask every sex offender registered under Megan's Law if they are enrolled at, employed by, or are a long-term volunteer at a college or university. State governments are required to provide this information to the schools police department. To view the State of Idaho Sex Offender Registry List, access the Idaho State Police web site at [http://www.isp.state.id.us/sor\\_id/](http://www.isp.state.id.us/sor_id/). Both Ada and County Canyon Sheriff's Department have Sex Offender Registration Web sites.

## **12. Firearms/Weapons Possession Policy**

A safe and secure environment is a fundamental requirement for fulfilling the CWI mission of teaching, research, and public service. CWI is committed to maintaining an environment that is free of violence. This obligation includes eliminating recognized hazards from the campus community that contribute to violence or serious harm. The possession, wearing, carrying, transporting, or use of a firearm or other dangerous weapon, incendiary device or explosive, is strictly forbidden on or in CWI-owned or CWI-controlled premises, or vehicles therein. This prohibition also extends to any person who may have acquired a government issued permit or license. Violation of this regulation will result in disciplinary action and sanctions up to and including expulsion, in the case of students, or dismissal from employment, in the case of faculty or staff, or charges of trespass in the case of the public. Questions should be addressed to the CWI Security Supervisor.

- A firearm in the possession of a full-time sworn peace officer shall be exempted from this policy.
- Members of the ROTC Training Program, when so directed by a provision of the ROTC Training Program, Department of Army regulation 145-1 and United States Army Cadet Command regulation 145-3 and authorized by College of Western Idaho, shall be exempted from this policy.

### **13. Emergency Response Plan**

CWI is in the process of drafting an Emergency Response Plan designed to effectively coordinate the use of CWI and community resources to protect life and property immediately following a major natural or man-made disaster; and provide a response system for CWI faculty, staff, and students for major disasters occurring on CWI property. The plan will be activated whenever an emergency affecting the campus cannot be controlled through normal channels. The first official CWI responder at a disaster scene is responsible for evaluating the situation and initiating necessary communications (CWI Security, 9-1-1 Dispatch, etc.). First actions at the scene will be to care for the injured and isolate the area to protect others from being exposed to known or suspected hazards.

Assistance from local emergency response agencies may also be requested. The Facilities Manager will provide emergency information to the CWI Communications and Marketing Department (CMD). CMD will provide emergency information to media and the public. Emergency notifications to CWI students, staff, and faculty will be through the CWI Emergency Notification System.

### **14. Personal Safety/Crime Prevention Tips**

The term Campus Crime tends to bring to mind a few obvious crimes. Some examples might be thefts such as bicycle thefts or textbook thefts. Certainly these thefts can and do prove very costly to the victims. But a realization that any crime that occurs in society can and does occur on a campus puts you one step closer to avoiding being a victim. Most crimes can be deterred, if not entirely prevented, by developing simple tasks and habits. While following the tips below cannot guarantee that you will not be a victim of a crime, your chances of being victimized can be reduced.

1. Lock your car doors anytime you leave the car. It takes only seconds to lock and unlock your car door, and these seconds can save you dollars.
2. Don't leave obvious valuables in plain view in your car. Sometimes temptation and availability is all that is needed to cause a would-be thief to attempt and complete a theft.
3. Check the back seat of your car before you get in. You may have an uninvited passenger.
4. Lock your room, apartment, or house door. Probably the best simple deterrent available to protect your property and you. A criminal will often take the path of least resistance.
5. Don't display large sums of cash or expensive jewelry. Again, these actions may provide temptation to a thief. Cash and jewelry are often impossible to trace and easy for a thief to dispose of quickly.
6. Know who is at the door before you open it. Don't readily open the door to your room, apartment, or house without really knowing who is knocking or just what they really want. Know what they want, and if it just doesn't seem right, communicate through the door.
7. Walk with a friend after dark, and walk on designated pathways and in well-lit areas. There is truly safety in numbers.
8. Secure bicycles through the wheel and frame with a high quality cable and lock or other approved device. The majority of stolen bicycles were not locked at the time of the theft.
9. Always pick a designated driver prior to attending festivities.
10. Don't impair your judgment with alcohol or illegal drugs. Avoid accepting a ride from someone whose judgment is impaired by alcohol or drugs. Avoid taking a private walk with someone whose judgment is impaired by alcohol or drugs.
11. Work with another student when working late at night in campus buildings.

12. Do not leave doors propped open.
13. Engrave valuable possessions with serial numbers or owner recognized numbers.
14. Always know the location of the nearest telephone and how to report emergencies.
15. Keep emergency numbers near your phone.
16. Report any criminal or suspicious activities or other emergencies that occur on campus to the CWI Security Department. It's easy to do. Report crime and testify against criminals. Every time a crime is reported, there is a chance to catch the criminal. When a crime goes unreported, the criminal wins hands down.
17. In most sexual assaults, the victim and suspect knew each other prior to the assault. Knowing someone does not guarantee a sexual assault will not occur.
18. Limit your use of alcohol and be wary of accepting drinks from others, even people you know.
19. Make sure that you have verbal and sober consent from anyone before engaging in sexual activity.
